II. General Financial Information

Arapahoe/Douglas Works! Cost Methodology:

Arapahoe/Douglas Works! incurs both direct costs and shared direct costs and maintains six cost pools. Arapahoe/Douglas Works! intention is to direct cost (charge) expenditures as practical and appropriate. Many of the types of costs listed in this cost allocation plan can be found as a direct cost to a program/grant and as a shared or pooled cost as well.

Direct costs are costs that can be specifically identified with and assigned to a final cost objective and cost category. Measuring benefit involves identifying the full cost of the activity (expense) and assigning it to the correct cost objective/program/grant and the related cost category. Costs that can be identified as directly benefiting a specific program/grant and corresponding cost category are charged to that program/grant and corresponding cost category. No further allocation or breakdown by funding source is necessary for direct costs.

Shared direct costs are costs incurred for a common or joint purpose benefiting more than one cost objective or cost category. These costs are not readily assignable to the cost objectives specifically benefited without effort disproportionate to the results achieved. Arapahoe/Douglas Works! "pools" these types of costs and subsequently allocates them to final cost objectives and cost categories. Most administrative costs and building costs are shared direct costs, and thus a direct relationship to a final cost objective cannot be shown without effort disproportionate to the results achieved.

Arapahoe/Douglas Works! has six (6) types of shared direct costs or cost pools: 1.) Shared administrative expenses; 2.) Shared general program expenses; 3.) Shared Lima Building A office building program
expenses; 4) Shared Lima Building B office building expenses; 5.) Business and Assessment Center expenses and 6) Shared Altura Plaza building expenses. These six types of shared direct expenses are "pooled" and charged back to final cost objectives and cost categories using the cost plan described in detail in section V. COST POOLS AND METHODOLOGY of the Colorado Department of Labor and Employment (CDLE) Program Year (PY) 2017 Plan.

When the direct measurement of benefits cannot be done efficiently and effectively, Arapahoe/Douglas Works! "pools" the costs into one of six cost pools. The expenditures initially charged to one of the six pools are subsequently allocated to the benefiting programs/grants and cost categories in proportion to the relative benefits received by each grant/program.

Administrative Cost Pool - Consists of pure administrative and Workforce Development Board expenses (non-program). This pool benefits all Arapahoe/Douglas Works! employees and partners in all Arapahoe/Douglas Works! offices. Arapahoe/Douglas Works! has defined this pool to include administrative functions and coordination of those functions, financial management and accounting including purchasing, payroll and personnel activities (HR), Workforce Development Board activities, organization-wide management, planning contracting, monitoring and agency coordination.

General Program Cost Pool - Consists of shared direct (non-administrative) program expenses. This pool benefits all Arapahoe/Douglas Works! employees and partners in all Arapahoe/Douglas Works! offices. For additional details, please refer to the CDLE PY 2017 Plan.

Infrastructure costs are outlined in Section III. of this Exhibit. Service delivery, as outlined in Section I. of this Exhibit, will be provided and leveraged through in-kind contributions by both Parties.

III. Infrastructure Costs

Infrastructure costs are non-personnel costs that are necessary for the general operation of the one-stop center, such as rental of the facilities, utilities and maintenance, equipment, and technology. Latino Coalition for Community Leadership is not physically co-located at the comprehensive one-stop center.

Second Chance Center will provide a cash contribution to the Arapahoe County Administrative Services Division equaling 1% of their Administration budget totaling $386.00.

IV. Additional Costs

One-stop partners must share in additional costs, which must include applicable career services, and may include shared operating costs and shared services that are necessary for the general operation of the one-stop center. Additional costs may include personnel costs (salaries, wages, and fringe benefits).

a. Please describe, at a minimum, how applicable career services will be funded.

Personnel costs, which may include, but is not limited to; front-line employees providing career services to Latino Coalition for Community Leadership/Second Chance Center and Arapahoe/Douglas Works! customers at the comprehensive one-stop and satellite locations, supervisory oversight, and manager oversight will be supported and leveraged through Arapahoe/Douglas Works! grant(s) and Latino Coalition for Community Leadership/Second Chance Center grant(s).

b. Please describe how shared operating costs and shared services will be funded, if applicable. The
costs of shared services may include initial intake, assessment of needs, appraisal of basic skills, identification of appropriate services to meet such needs, referrals to other one-stop partners, and business services.

i. Costing Methodologies
   1. Direct Program Costs
   2. Allocation of Shared Direct Costs—Cost Pools
   3. Organization In-directs

Please see Section II. General Financial Information.

V. Payment and Reconciliation

As stated in Section III. of this Exhibit, Second Chance Center will provide a cash contribution to the Arapahoe County Administrative Services Division equaling 1% of their Administration budget totaling $386.00.

VI. Certification

This is to certify that all costs included in this plan are allowable and in accordance with the requirements of the federal awards to which they apply and 2 CFR 200 (Uniform Guidance), Cost Principles for State and Local Governments. Unallowable costs have been adjusted for in allocating costs as indicated in the cost allocation plan.

All costs included in this plan are properly allocable to federal awards on the basis of a beneficial or causal relationship between the expenses incurred and the agreements to which they are allocated in accordance with applicable requirements. Further, the same costs that have been treated as indirect costs have not been claimed as direct costs. Similar types of costs have been accounted for consistently and notification will be provided regarding any accounting changes that would affect the proposal materially.

I certify that this is true and correct to the best of my knowledge.
