ABOUT MAP

MAP is a six-week program designed to train potential maintenance professionals with the skills needed for a career in the apartment industry.

The program consists of in-class and paid on-site training (apprenticeship). Both parts work simultaneously to prepare you for a career in maintenance.

MAP's goal is to provide you with a job opportunity at the completion of the program.

Program requirements are listed online at www.ProApartments.com/MAP.

INFORMATION SESSIONS

RSVP to attend the September 17th information sessions. Learn about the program to see if it is a good fit for you!

48 HRS IN-CLASS

Learn interior and exterior maintenance, HVAC, plumbing, appliance repair, electrical and more!

96 HRS ON-SITE

Hands-on training with an established maintenance team at a real apartment community
