31 Let’s Talk!

In 2022, this 15 county region employed nearly 2.7 million people across all industries, and made up 84% of Colorado’s total employment.

In 2022, the Gross Regional Product (GRP) for the Front Range region was $446.3 billion, which made up just under 1.7% of the national Gross Domestic Product (GDP). GDP is the total market value of all goods and services in the nation, and GRP is the total market value of all goods and services in the region.
Construction

The construction sector employs 183,262 people in 16,338 establishments. An ‘establishment’ is one facility in which people work. For example, a business in the sector may have several locations, and each one of those locations counts as an ‘establishment.’ Of the 183,262 people working in construction, 25,604 are self-employed, mainly in specialty trades.

In 2022, the sector had $43.1 billion in sales, and contributed $21.2 billion to the region’s GRP. Construction has been a significant contributor to the local labor market, offering ample job opportunities for skilled workers in various trades. The sector’s continuous growth and demand for construction projects have made it an essential component of the region’s workforce landscape.

**Construction Sector**

Employment concentration measures the concentration of employment in an industry in the local region against the average employment concentration in that industry nationwide. For example, we would read, “Employment in land subdivision is 1.54 times more concentrated than the national average for this industry.” The North American Industry Classification System (NAICS) is the standard used by Federal statistical agencies in classifying business establishments for the purpose of collecting, analyzing, and publishing statistical data related to the U.S. business economy.

</tbody>
</table>
The first graph shows the growth in jobs (brown bars), and the growth in the number of establishments (blue line) in the sector between 2013 and 2022. The second graph shows the growth in wages, salaries and proprietor earnings (brown bars) and in employer-paid benefits, including the employer portions of both Social Security and Medicare payroll deductions (blue line) for the same period.
Employment Concentration Map

Employment Concentration

The overall employment concentration in this sector is 1.17 times the national average, which suggests the region has a good supply of skilled labor. Concentration also varies by county, with the heaviest sector employment concentrations in Elbert, Park and Adams counties.

Source: Lightcast
## Sector Employment Concentration

Employment concentration in the sector is shown here within each of the 15 counties making up the region. Note that the current wages, salaries, and proprietor earnings, as well as the current employer-paid benefits are different within each county. This is because each county has a different mix of sector industries. For example, the highest average wage per worker is in land subdivision while the lowest is in other specialty trades contractors. Thus, a county that has many specialty trade contractors will have a lower average wage per worker.

### ADAMS
- Jobs: 29,606
- Employment Concentration: 1.90
- Current Wages, Salaries, & Proprietor Earnings: $72,861
- Benefits: $11,332

### ARAPAHOE
- Jobs: 28,508
- Employment Concentration: 1.31
- Current Wages, Salaries, & Proprietor Earnings: $81,607
- Benefits: $12,625
- Top Businesses: Kiewit Infrastructure, Century Communities Inc., Saunder Construction Inc.

### BOULDER
- Jobs: 12,947
- Employment Concentration: 1.36
- Current Wages, Salaries, & Proprietor Earnings: $81,122
- Benefits: $12,711
- Top Businesses: Douglas County Public Works, Crescendo at Central Park, Lightning Ventures, Inc.

### GILPIN
- Jobs: 134
- Employment Concentration: 0.49
- Current Wages, Salaries, & Proprietor Earnings: $48,813
- Benefits: $4,573
- Top Businesses: Blackhawk Public Works, R & B Drywall, Arends Shirley & Wes

### JEFFERSON
- Jobs: 22,267
- Employment Concentration: 1.39
- Current Wages, Salaries, & Proprietor Earnings: $73,552
- Benefits: $11,246
- Top Businesses: Dynalectric Company of Colorado, Garney Construction, Hellas Construction

### LARIMER
- Jobs: 14,021
- Employment Concentration: 1.21
- Current Wages, Salaries, & Proprietor Earnings: $65,320
- Benefits: $9,912

### LARIMER
- Jobs: 14,021
- Employment Concentration: 1.21
- Current Wages, Salaries, & Proprietor Earnings: $65,320
- Benefits: $9,912

### DENVER
- Jobs: 26,874
- Employment Concentration: 2.37
- Current Wages, Salaries, & Proprietor Earnings: $83,811
- Benefits: $13,043
- Top Businesses: Richmond American Homes, Beck, Mortenson Construction

### PARK
- Jobs: 542
- Employment Concentration: 1.22
- Current Wages, Salaries, & Proprietor Earnings: $52,275
- Benefits: $5,149
- Top Businesses: Park County Road & Bridge, Deep Water Mountain Inc., Playfair Building Design

### TELLER
- Jobs: 678
- Employment Concentration: 1.22
- Current Wages, Salaries, & Proprietor Earnings: $44,659
- Benefits: $4,368
- Top Businesses: Foxworth-Galbraith Home Improvement Center, Electric Service of CO, Lamb Plumbing & Excavating

### WELD
- Jobs: 14,386
- Employment Concentration: 1.86
- Current Wages, Salaries, & Proprietor Earnings: $67,994
- Benefits: $10,260
- Top Businesses: Hensel Phelps, Colorado Dept. of Transportation, Utah Mechanical Contracting

Where Core Workforce Lives

Every sector has a group of occupations it needs to fulfil its mission. This is called a staffing pattern, and generally includes managers, business and finance people, sales and administrative support, computer and mathematical occupations. There is also a core set of occupations that are primarily responsible for producing the good or services that industry provides. In construction, this core set of occupations is made up of construction and extraction occupations. Examples of these occupations include construction laborers, masons, carpenters and electricians. This map shows where persons employed in these occupations live (orange areas) and where they work (blue areas).

Source: Lightcast
### Where Core Workforce Lives

#### Commute Patterns

The table shows net commuters. For example, 18,770 in these core occupations live in Jefferson County, while there are 15,630 construction and extraction jobs there. This means there are 3,140 more of these core workers living in Jefferson County than there are construction and extraction jobs there. Note the latest commuter data available is from 2022.

Source: Lightcast
Comparative Retirement Risk

Retirement risk in construction is slightly higher than that across all industries in the region. This reflects an older labor force with 23% aged 55 and older and significantly fewer new entrants in the 14-24 age group.

Comparative Racial Diversity

This bar chart shows the racial and ethnic diversity in the industry versus across all industries in the 15 county region. This is measured by a concept called 'total diversity,' which is the percent of racial or ethnic minorities employed in the sector versus the percent of racial and ethnic minorities employed across all industries. Construction is significantly more diverse than the overall average within the region, with overall diversity 4.6% higher than that across all industries.

Comparative Gender

Men 82.0% 52.8%
Women 18.0% 47.2%

Source: Lightcast
Remote Work Potential

12.8% Remote Work Capability for Sector

In a scarce labor market, a valid strategy for employers might be to review their staffing pattern and determine which positions, if any, can be employed remotely or on a hybrid work schedule. Approximately 12.8% of the workforce in construction has at least partial teleworking capacity, mostly in back-office functions.

Automation Index

112.1

Another valid strategy employers can use in today’s scarce labor market is automation. Automation seldom replaces workers 1:1. Rather, automation leverages the productive capacity of fewer workers to allow for higher output. Examples of automation in construction are estimation and bidding software, project management software, and drones to assist in land subdivision, surveying and inspecting structures as they are built.

Source: Lightcast
Advertised Wage Trends

The scarce labor market has driven wages up over time. This line graph shows movement in advertised wages in jobs posted in the sector over the last year.

Competitive Wage Analysis

The following table shows the top 20 occupations by percentage of total employment in the sector, as well as total employment across industries. For example, the construction sector employs 5,434 project management specialists, but there are 26,738 employed across all industry sectors. This is important because the construction sector must compete with other sectors for critical talent, such as sales representatives, truck drivers and cost estimators. Average annual openings for each occupation is estimated according to known attrition (people leaving the occupation or retiring) as well as expected national and local growth in the occupation.

Median posted wage levels can be compared to estimated entry and experienced level wages, and the typical entry level education, as well as the typical on-the-job training (OJT) are shown to illustrate the potential for apprenticeships and OJT to supplement shortfalls in the traditional training pipeline.

The Standard Occupational Classification (SOC) system is used by Federal statistical agencies to classify workers into occupational categories for the purpose of collecting, calculating, or disseminating data.

Top Occupations

These figures use information from unique job postings across the sector to show the number of jobs posted in the 15 county region during the last year and median posted salary. It is also important when planning staffing strategy to look at hires, separations and turnover rate for each of the occupations, whether the occupation is apprenticeable or not, and the top skills demanded over the prior 12-month period.

Discover more about each occupation by simply clicking on the respective icon.

**Construction Laborers**
- Unique Postings: 5,413
- Posted Salary: $21.97
- Hires: 15,424
- Separations: 14,101
- Turnover Rate: 62.4%
- Apprenticeable: Yes
- Top Skills: Construction, Carpentry, Hand Tools

**First-Line Supervisors of Construction Trades & Extraction Workers**
