

A career that's ***built***  
to ***grow.***

Lockheed Martin Space's Advanced Manufacturing Technician Apprenticeship Program (AMTAP) is the launchpad to an exciting career in space manufacturing for those without related experience or a 4-year degree. AMTAP can help you forge a new path as an electronics technician with highly desired trade skills in just 9 weeks. AMTAP is also an "Earn While You Learn" model, meaning there are no upfront costs or tuition for learning new skills. Candidates who successfully complete the program may be offered full-time employment.

## Interested in joining AMTAP Colorado Cohort 36?

### 1. Attend a Virtual Information Session

**Thursday, September 25<sup>th</sup>, 2025 | 11:30 a.m. - 12:30 p.m. (MST)**

**Register on our website to attend via Zoom.**

- > Application Opens:  
Wednesday, October 1st, 2025
- > Application Closes:  
Monday, October 27th, 2025
- > Class Starts:  
Monday, February 16th, 2026

### 2. Attend a Virtual Resume Workshop

**Wednesday, October 1<sup>st</sup>, 2025 | 9:00 a.m. - 12:00 p.m. (MST)**

**Register here to attend via Zoom.**

Learn how to tailor your resume for our AMTAP application with tips and techniques lead by Jefferson County Workforce Center.

This engaging, facilitator-led workshop will cover:

- Which resume format will make you stand out
- How to turn tasks into accomplishment statements
- The important of the top third of your resume
- How to get an interview

If you have a copy of your recent resume, remember to bring it to the workshop to conduct your own critique!
