

Social Security Overview

As you begin to approach retirement, you may see a flood of information that may or may not be fully accurate. Josh Weller, Public Affairs Specialist with the Social Security Administration, will provide an educational webinar for attendees who are interested in learning more about their future benefit options.

The presentation will cover many of the common Social Security benefit questions including:

- how benefits are calculated
- benefit eligibility factors
- the application process
- an overview of all the different benefits Social Security administers
- how the Windfall Elimination Provision (WEP) and Government Pension Offset (GPO) may affect your benefits

Feel free to bring your Social Security questions with you as Josh Weller will answer attendee's questions at the end of the presentation.
