

## Tech Apprenticeships

Arapahoe/Douglas Works! is excited to support businesses with a new talent pipeline option! We recently worked with the American Institute for Research (AIR) to become an intermediary for five Registered Apprenticeships in Tech. As an intermediary, we would be able to support recruiting efforts, subsidize training costs for eligible new hires, work with the Department of Labor and submit required paperwork on your behalf and much more!

### Apprentice Occupations

- ✓ Tech Support Specialist
- ✓ Network Support Specialist
- ✓ Cybersecurity Support Technician
- ✓ Tech Project Coordinator
- ✓ Data Analyst

If you want to grow your tech talent in these occupations, please contact Jamie at [JFisher@arapahoegov.com](mailto:JFisher@arapahoegov.com) to learn more.
